

# Farmer Cow Story

Author: Thomas Lloyd  
TheEvenMind

This is My **Story**:

- **Farmer Cow Story**

*It is An:*

**Old** Story

About

A **Farmer**

And His **Cow**

*The Story is **Based**:*

On An **Old** Story

From **India**

Since it is:

- **Old**
- Then it has
- **Lasted So Long**

*Therefore I **Share**:*

**Farmer Cow Story**

*I **think**:*

*Good Reading*

## **A Simple Story**

The **Story**:

- **Title**
- Is **simple**

*It is An:*

**Old** Story

About

A **Farmer**

And His **Cow**

This **Story** is:

- **Simple** as well

Therefore:

Not **hard** to **read**  
A **Simple** Story

## **Plot**

The **Story** is:

- **Fun** to read

We **hear** about  
The **Farmer**  
And His **Cow**

What **happens**  
**Between** them  
**Him** and His **Cow**

## **Setting**

These **two**:

- **Farmer** and **Cow**
- Are the
- **Only** characters

So it is really:

A **Simple** Story

Still:

What **happens**  
**Between**  
**Farmer** and **Cow**  
It is **ok**

We can:

**Understand** it  
**All** of us

The **Farmer**:

- **Learns**
- Along the **way**

He **learns**:

Along the **way**  
About His **Cow**

So the:

- **Setting**
- Is **among** them

The Farmer:

**Learns**  
About His **Cow**

He **Learns**:

Along the **way**  
About His **Cow**

## **Cow's Preference**

So The **Farmer**:

- **Learns**
- Along the **way**
- About His **Cow**

Cow's **Preference**:

Omg  
**Thing** has **preference**

The Farmer:

- Is **simple**

He **Works**  
And has a **cow**

Only **one** cow  
You **know**

So:

- Farmer
- **Thinks** simple

Yet:

When he  
**Finds** out

Omg  
**Thing** has **preference**  
That is **something**

When that:

- **Happens**
- Some **complex**

Yet still:

**Simple** Story

**Setting** is:

The Farmer's **House**

## **Beginning**

The **Framer** is:

- A **likable** man

*He:*

**Works** a lot

Mostly he **works**:

- At **home**
- Around his **farm**
- Taking **care** of it

*He has:*

A **piece** of **land**

**Raises** **crops**  
**Maintains** the place

*He has:*

**Lived** there  
His **whole** life

He:

- **Likes** his **farm**

And he **knows** it:

**Maintains** the place

After **time**:

**Living** there

He **knows** it

**Maintains** the place

So he is **busy**

For sure this:

**Keeps** him **busy**

**Managing** his farm

Day after day

His **whole** life

## One Cow

Even though:

- Farmer is **busy**
- He has
- **One** Cow

He **decided**:

He **wanted** one

He should have

**One** Cow

So on:

- His **property**
- Farm
- Also **One** Cow

The **Cow**:

Not **special**

Yet, **His** Cow

It is

The **Farmer's** Cow

Even with:

Only **One** Cow

Still

The **Cow** is **there**

## Affection

Farmer:

- **Likes** the Cow

*Even though:*

*Only **One** Cow  
Still  
Farmer  
**Likes** the Cow*

So these **two**:

- Get **along**

*Farmer in the **house**  
Cow in the **yard***

*Farmer  
**Likes** the Cow*

## About The Cow

In the **day**:

- Cow would
- **Graze** in the **field**

*Farmer:*

***Brought** it each **day**  
To the **field***

***Farmer's** Field:*

*His **property**  
Farm*

At:

- **End** of the **day**
- At **night**
- Farmer would **bring**
- The Cow **Home**

***Back** to the:*

***Farm** house*

To be **safe**  
And  
**Sleep** at night

## **Cow' s Luck**

So The Cow:

- Was **lucky**

It did **have**:

The **Farmer**

He was:

The **nice** man  
Who  
**Provided** for it

In the **day**:

- Cow would
- **Graze** in the **field**

Farmer:

**Brought** it each **day**  
To the **field**

At:

- **End** of the **day**
- At **night**
- Farmer would **bring**
- The Cow **Home**

**Back** to the:

**Farm** house

To be **safe**  
And  
**Sleep** at night

His **property**  
Farm

At **night**:

- The Cow would
- **Sleep** in the **barn**

*Simple method:*

*For them*

**Field** in the **day**  
At **night**  
**Sleep** in the **barn**

The **One** Cow:

**Farmer's** Cow

So The Cow:

- Was **lucky**

*It did have:*

The **Farmer**

## **Smart Cow**

The Farmer's **Cow**:

- Must have been
- A little **smart**

He **lived**:

With The **Farmer**  
Many **years**

So apparently:

- The **Cow**
- Never **made** a
- **Mistake**

*Afterall:*

The Farmer did  
**Continue** to  
**Care** for it  
So **long**

So the:

- Farmer's **Cow**
- Must have been
- A little **smart**

*Whether The **Cow**:*

***Knew** it or not  
He did **have**  
A **good** thing*

## **Along The Way**

The Cow **lived**:

- Many **years**
- With The **Farmer**

*So apparently:*

*The **Cow**  
Never **made** a  
**Mistake***

*Afterall:*

*The Farmer **did**  
**Continue** to  
**Care** for it  
So **long***

So:

- Along The **Way**
- It looked **ok**

## **On That Day**

Well:

- **Most** of the
- **Days** with the
- **Farmer** were ok

*Farmer and Cow:*

***Continued** along  
**Together***

*It was **like**:*

*In A **Dream***

***Field** in the **day**  
At **night**  
**Sleep** in the **barn***

Years **together:**

Ok

This was:

- **Standard** for them

And it:

**Seemed to work** ok

The Farmer:

**Liked** The Cow

And The **Cow:**

Also **seemed**  
To **like** The Farmer

Ooh, **sweet!**

This was **good:**

- Until
- On That **Day**

## **Starting Regular**

One **day:**

- It stood **out**

On That **Day:**

It **seemed** like  
**Standard** day

Farmer **prepared:**

- To **take** the Cow
- To the **field**

The Cow would:

**Spend** the day  
**There**

**Graze** there  
**Eat** the grass

All that **Cows**:

- Really **do** is
- **Eat** the grass
- In the **field**

*Sure:*

*They may*  
**Walk** around some

*They may:*

**Look** around some

But **mostly** they:

**Eat** the grass  
In the **field**

This is what:

- **Makes** them **strong**

*Like **this**:*

*The Cows*  
**Stay** healthy

And **also**:

So **likable**

And we **remember** this

## **The Occurrence**

The Farmer did:

- **Like** his Cow

*They stayed **together***  
*For so **long***

Still:

- One **Day**
- Something **Occurred**

*On that **day**:*

**Standard** day

The Farmer did  
**Take** the Cow  
To the **field**

This was **normal**  
For the **Farmer**

And he **left**:

- The **Cow** there
- In the **field**

The **Cow** would:

**Spend** the day  
**There**

**Graze** there  
**Eat** the grass

The Farmer **knew**:

- If he
- **Did** it **right**

And it **seemed**:

To him  
A **normal** day

So he **walked**  
Back **home**

After **taking** the  
**Cow** to the **field**

And he **knew**:

- That **everything** was
- **Normal**

He was the **Farmer**

He **knew** that:

The **Cow** was  
In the **field**  
To **graze** all day

So he **returned**:

- To his **farm**

There:

He **carried** on  
With the **rest** of  
His **Chores**

**Managing** the farm

## That Afternoon

Well, that:

- **Afternoon**
- The Farmer **wondered**
- About The **Cow**

He wondered if:

The **Cow** was **ok**

It was:

**Regular** day  
Yet  
The Farmer **wondered**  
About The **Cow**

We don't know:

- **Why**
- But for
- Some **reason**
- He **wondered** if
- The **Cow** was **ok**

**Usually:**

He didn't have to  
**Think** about it

Was The **Cow** **ok**

But on **That** Day:

The Farmer **wondered**  
About The **Cow**

After **wondering:**

- About the **Cow**
- He had a **thought**

The **Cow**  
His **Cow**

*His **Only** Cow:*

*Was The **Cow** ok*

So Farmer **decided**:

- To go **out** there
- The **field**

*Farmer would:*

*Go **see***

*If The **Cow** was*

***Ok***

*How the **Cow** was **doing***

## **Going Out There**

This **could** happen:

- The Farmer **wondered**
- Was The **Cow** ok

*And on That **Day**:*

*Farmer did*

*Go **out** there*

*The **field***

- He **walked** out
- To the **field**

*He **walked** out:*

*To **see***

*If The **Cow** was*

***Ok***

## **Remembering Story**

Remember:

- Our **Story**
- **Farmer Cow** Story

*Farmer has **Cow***

***One** Cow*

*Long **time***

***Together***

*Relationship then  
Of sorts*

**Daytime:**

- The Cow was
- In the **field**
- To **graze** all day

At **night:**

At **home**  
In the **barn**

**Sleep** in the **barn**

Then **this:**

**Remembers**  
Our **Story**  
**Farmer Cow** Story

Well what about:

- A **Twist**

Sometimes **Stories:**

Have A **Twist**

And **Ours:**

**Farmer Cow** Story  
Have A **Twist**

Look

## **In The Field**

When the **Farmer:**

- Got **out**
- To the **field**
- He **looked** around

Where the **Cow**  
Would **graze**

**Farmer:**

- Couldn't **find** the
- **Cow** anywhere

Have A **Twist**

There:

- Farmer
- **Wondered** about it

*He wondered **why**:*

*This could **be***

**Farmer:**

*Couldn't **find** the  
**Cow** anywhere*

*So he **continued***

He:

- Looked and **looked**
- To **try** and **find**
- The **Cow**

***His** Cow  
His **Only** Cow*

**Farmer:**

*Couldn't **find** the  
**Cow** anywhere*

He **looked**:

- High and **low**
- And all **around**
- **No** Cow

*He couldn't **find**  
The **Cow** anywhere*

## **Sadness**

This took so **long**

*He might have **gotten**  
A little bit **Sad***

*He had:*

***Expected to see**  
**Cow** in the **field***

***Expected to find**  
**Cow** in the **field***

*His Cow*  
*His **Only** Cow*

**Farmer:**

- Couldn't **find** the
- **Cow** anywhere

The **same** field:

That the **Cow** would  
Always **go** to

Cow **not** there:

Oh *my*

## Looking More

The Farmer:

- 
- Kept **looking**

Looking **More**:

He couldn't **believe**  
The **Cow** was **not**  
There

He **wanted** his **Cow**:

To **be** there  
In the **field**

This was **not**:

- Satisfactory
- Cow **not** there

He **expected** to  
**Find** the **Cow**

Like:

Every day **before**  
But **no** Cow

**There:**

- In the **field**
- He should
- **Find** the **Cow**

If the **Cow**:

Was **there**  
He could **continue**  
His **normal** life

He:

**Looked** all around  
For the **Cow**

**Over** and **over**  
The **entire** field

He **still** could not:

- **Find** the **Cow**

He wondered **why**:

The **Cow** was not  
**There**

**Also**:

**Where** then  
Could the **Cow** be

He really **did**:

**Want** to **find**  
His **Cow**  
**There**  
In the **field**

So he:

**Looked** more

In the:

**Outer** areas  
**Hoping** that  
He could **see**  
His **Cow**

## **Neighbor' s Fence**

When The Farmer:

- **Looked** more
- A little **farther**
- He **got** to
- The **border** area

At the **end**:

Of his **field**  
His **property**  
The **border** area

There:

- He **saw**
- The **neighbor's** fence

At the **end**:

Of his **field**  
His **property**  
The **neighbor's** fence

He **knew** the **fence**:

- From **before**

It was a:

**Good** fence

He and the:

**Neighbor**  
both **recognized** it

They:

**Left** it there  
The **fence**

**Defining** their:

**Properties**

The Farmer **stayed**:

- On **his** side
- Of the **fence**

And the **neighbor**:

**Stayed** on  
**His** side  
Of the **fence**

**Neighbor's Fence:**

At the **end**  
Of his **field**  
His **property**

## Something Different

The Farmer:

- **Looked** for
- The **Cow**

He was **at:**

The **neighbor's fence**

He **knew:**

- The **neighbor's fence**
- From **before**

The **fence:**

**Looked fine**

Like every **time:**

**Before**

The **neighbor's fence**

**Looked fine**

But, **whoa:**

- One **Thing** was
- **Different**

Omg, **thought the:**

**Farmer**

When **looking at:**

- The **neighbor's fence**
- He **saw** the
- **Cow**

He **did see:**

His **Cow** there

The **Cow** was:

- **There**
- By the
- **Neighbor's** fence

But **something**:

Was **Different**

His **Cow** was:

- **There**
- But it was
- There **Wrong**

The *Farmer's Cow*:

Was **there**

On the

**Other** side of

The **neighbor's** fence

His **Cow** was:

**There**

On the

Neighbor's **property**

## Trespassing

Whoa:

- **Thought** the Farmer

**Why** was his **Cow**

On the

**Other** side of

The **neighbor's** fence

The other **side**:

- Of neighbor's **fence**
- Was neighbor's **property**

The **Cow** had:

**Wandered** over to

Neighbor's **property**

And the **Cow**:

- Was **Happy** There

On the  
**Other** side  
Of the **fence**

**There:**

On the  
Neighbor's **property**  
The **Cow** was  
**Happy**

**Grazing in:**

The **neighbor's** field

**Grazing on:**

The **neighbor's** grass

Omg

## What To Do

Whoa:

- What did
- The Cow **do**

It **seemed:**

Cow had **wandered**

**Wandered** over:

To  
Neighbor's **property**

And the **Cow:**

Was **Happy**  
There

On the  
**Other** side  
Of the **fence**

**Grazing in:**

The **neighbor's** field

**Grazing on:**

The **neighbor's** grass

So:

- **Thought** the
- Farmer
- **What To Do**

The **Cow** was:

**In**

The neighbor's **field**

Well the **Farmer**:

- **Retrieved** the **Cow**

He **brought** it:

**From**

Neighbor's **field**

neighbor's **property**

Back to

His **side**

He **brought** the:

**Cow**

**Back** to his

**Own** field

The **Farmer's** field

He **wanted** the:

- **Cow**
- To **stay** there

In his

**Own** field

The **Farmer's** field

It was **Normal**:

- The **Cow** in
- His Own **field**
- The **Farmer's** field

This was the:

**Way** that

The **Farmer** had

**Planned** it

He **wanted** the:

**Cow**

To **stay** in

His **own** field

The **Farmer's** field

The **Cow**:

Had **wandered**

**Wandered** over:

To

Neighbor's **property**

## The Next Day

Well, the **Farmer**:

- Was not **dumb**

If the **Cow**:

Had **wandered** off

To **neighbor's** field

Then **it** could

**Happen** again

What To **Do**:

- **Thought** the
- Farmer
- What To **Do**

Because of:

**This**

The **Cow**

**Wandering** off

Then **it** could

**Happen** again

**Into** the:

**Neighbor's** field

Whoa

So the **Farmer**:

- **Decided**

He **decided** to:

**Watch** the **Cow**

He would **keep**:

- An **eye** on
- The **Cow**

If the **Cow**:

Made this  
**Error** once

Then **it** could  
**Happen** again

The Cow **might**:

- **Wander** again

The **same** as:

**This** time  
The **Cow** might  
**Wander** again

The **neighbor's** field:

Was **not**  
**His** field

The Farmer **wanted**:

- The **Cow** to
- **Stay** in his
- **Own** field
- The **Farmer's** Field

So he would  
**Watch** the **Cow**

Day by day:

The **Farmer** would  
**Watch** the **Cow**

To **see** if  
His **Cow** would  
**Wander** again

**Into** the  
**Neighbor's** field

## Watching The Cow

On the:

- Next **morning**
- **Farmer** was
- **Thinking**

The day **after**:

His **Cow**  
Did **wander**  
Into **neighbor's** field  
Farmer **thought**

He **took** the:

- **Cow**
- To the **field**
- Like **always**

In the **morning**:

Like he  
**Usually** did

He **took** the **Cow**  
To the **field**  
**His** field

After **that**:

- He **went** back
- **Home**

He **went** back:

**Home**  
And he **waited**

He **wanted** to:

**Give** the **Cow**  
**Time**

**Time** to **see**

After **time**:

- He would
- **Check** on it

Check and **see**:

If his **Cow**  
Was **there**  
In the **field**  
**His** field  
**Farmer's** Field

The Cow **should**:

- **Stay**
- In the **field**
- **His** field
- **Farmer's** Field

On **that**:

**Next** morning  
**Farmer** was  
**Thinking**

## **The Same Day**

Farmer **thought**:

- **Why** did
- His **Cow** wander

**Why go**:

To the  
**Neighbor's** Field  
The **Cow**

So it was:

- The **Same** Day
- The **Next** Day
- **After** Cow **wandered**

Farmer would  
**Watch** the **Cow**

**Then**:

If his **Cow**  
Would **wander**  
He could **see**

If His **Cow**  
Would **wander**  
To the  
**Neighbor's** Field

Why **go**:

To the  
**Neighbor's** Field  
**Thought** Farmer

So he **waited**

**Waited** a:

Few **hours**

About **two** hours:

He **waited**

Farmer **would**:

- **Watch** the **Cow**

If his **Cow**  
Would **wander**  
He could **see**  
After two **hours**

If His **Cow**  
Would **wander**  
To the  
**Neighbor's** Field

## **After Two Hours**

About **two** hours:

- He **waited**

Then he **decided**:

To go **out**

To **check** on  
His **Cow**

If the **Cow**:

Was **in** the **field**  
Ok

If **this**:

Then **Cow** did **not**  
**Wander**

He **hoped**:

- The **Cow** did **not**
- **Wander**

*Into the  
Neighbor's field*

So he:

- Went **out**
- To the **field**

*Where the **Cow**  
Would usually **go**  
He **went** there*

*After Two **Hours**:*

*He **went** there*

*He was  
**Watching** the **Cow***

*To **see** if  
His **Cow**  
Would **wander**  
**Into** the  
**Neighbor's** field*

## Looking There

There:

- At the **field**
- He **looked** around

*The **Farmer** was  
**Hoping** to **see**  
The **Cow***

***There** in his  
**Own** field*

Well, it didn't:

- Take the **Farmer**
- **Long**
- To **see**

Why **had** the:

- Cow **wandered**

The Farmer **thought**:

His **field** was  
**Good**

So:

- What was **wrong**
- With the **Cow**

Why **had** the:

Cow **wandered**

The Farmer:

- **Looked** there
- In the **field**

But he:

Did not **see**  
His **Cow**

He:

Double **checked**

To make **sure**

But his **Cow**  
Was not **there**  
In the **field**  
No

Then **where**:

- Was his **Cow**

He was **checking**:

On his **Cow**  
**There** in the  
**Field**

But his **Cow**  
Was not **there**  
In the **field**  
No

## The Other Side

The **Farmer**:

- Was not **dumb**

So he **thought**:

To **look** in  
**Neighbor's** field

If the **Cow**:

Had **wandered** off  
To **neighbor's** field

Then **it** could  
**Happen** again

And, whoa:

- **Sure** enough

His **Cow** had  
**Wandered** again

**Into** the  
**Neighbor's** field

So he:

- **Saw** that
- **There**

His **Cow** had  
**Wandered** again

**Into** the  
**Neighbor's** field

## Sad Again

There it **was**:

- His **Cow**
- In **neighbor's** field
- Just like **before**

Farmer had **hoped**:

That the **Cow**  
Would not **wander**

But **again:**

- **There**
- In **neighbor's** field
- His **Cow**

*This was a:*

**Loss**

*For The **F**armer*

*He could be:*

**Sad**

## **Home Then**

So the **F**armer:

- **Went** back home

*The **F**armer:*

*Was not **dumb***

*He **knew***

**Now**

*That his **Cow***

*Would **wander***

*Farmer had **hoped:***

*That the **Cow***

*Would not **wander***

He didn't **want:**

- **Cow** to **wander**

*But **then:***

*That **looked** like*

*The **way** it **was***

*His **Cow** **liked:***

*To **wander***

**Into** the

**Neighbor's** field

*What was **wrong***

*With the **Cow***

*Why had he:*

*Wandered*

## Staying Normal

So, if **this**:

- Was the **way**
- It **was**
- He had to
- **Think**

*He had to:*

**Think**

*Of how*

*To **teach** the*

**Cow**

*Don't **Wander***

A **way** to:

- **Get** his **Cow**
- To **stay** home
- In his **field**
- **Farmer's** Field

*To **graze** in*

*It's **own** field*

Farmer **liked**:

- The **way** that
- It **was**

**Cow** *in his*

**Own** *field*

*Like **before**:*

**Cow** *in his*

**Own** *field*

*So The **Farmer***

*Had to **think** of*

*A **Plan***

*A **Plan***

*To **keep** his **Cow***

***Home***

In **Farmer's** Field

A **Plan**:

- For **Cow**
- To **stay**
- And **graze**
- In it's **own**
- **Field**
- **Farmer's** Field

He **wanted** the  
**Cow**  
To **stay** home

## How To Plan

Well, the **Farmer**:

- Had to **make**
- A **Plan**

If he **knew**:

**Why**  
His **Cow** would  
**Wander**

A **Plan** to:

**Keep** Cow home  
In it's **field**

**Not** Neighbor's **field**

His **Cow**:

- Was **going**
- To the
- **Neighbor's** field

No **Good**

If he could:

**Remedy** this  
Then **Good**

And **fix** it:

So his **Cow** would  
Always **stay** home

**Stay in:**

It's **own** field  
**Farmer's** Field

The **field** where:

Farmer **took** it  
Each **morning**  
His **Cow**

## **The Thinking**

So he did:

- Some **thinking**
- The **Farmer**

And it didn't:

**Take** him  
**Long**

A **Plan**

The **Farmer** was:

- Not **dumb**

To figure **out**  
The **answer**

He **realized:**

**Already**

His **Cow**  
Was **going**  
To the  
**Neighbor's** field

His Cow **would:**

**Eat** the **grass**  
In the  
**Neighbor's** field

For some **reason:**

His **Cow**  
Was **going**  
To the  
**Neighbor's** field

It **seemed** that:

Cow **found**  
That **grass**  
**Attractive**

In **neighbor's** field

Farmer **wanted**:

- His **Cow**
- To **graze** in
- **Farmer's** Field

Cow's **Own** field

So he **thought**:

Of The **Answer**  
A **Plan**

## **Teach The Cow**

So the **Farmer**:

- Would
- **Teach** the **Cow**

To **like** the **grass**  
In it's **own** field  
**Farmer's** Field

The **Farmer** had:

- **Ok** field

The Cow **should**:

**Like** it

So The **Farmer**:

Would have to  
**Teach** the **Cow**  
**This**

The **Farmer** had:

**Ok** field

A **Plan**:

For **Cow**  
To **stay**  
And **graze**  
In it's **own**  
**Field**  
**Farmer's** Field

To **like**  
The **grass** in  
It's **own** field  
**Farmer's** Field

## End of Day

Well, as **usual**:

- At the
- **End** of the **day**
- Farmer would
- **Bring** Cow **home**

The *Farmer* would:

**Go** to the **field**  
And **bring** his **Cow**  
**Home** for the **night**

Then the **Cow**:

Would **sleep**  
In the **barn**

All **night**  
In the **barn**

Like **Always**

This was the:

- **Way**
- That it always
- **Was** before

This was the:

**Regular** way  
At **Farmer's** house

**Farmer** And **Cow**

## Back Home

So, the **Farmer**:

- Had his **plan**

He **wanted** to:

**Get** the **Cow**

To **like** the **grass**  
In it's **own** field  
**Farmer's** Field

He would  
**Teach** the **Cow**

**Farmer's** Grass

What he **did**:

- **Then**

At **night**:

When the whole **farm**  
Was **peaceful**  
He **went** to  
**See** Cow

Say **Hi**

He **went** to:

- The **barn**
- **Farmer's** Barn

The **Cow** was **there**

As he **entered**:

- To **see** Cow

With a:

**Bunch** of **grass**

Grass **from**:

**Farmer's** Field  
His **own** field

He **wanted** to:

- **Feed** the Cow
- **Grass**

At **night**:

**Feed** the Cow

With **grass** from  
His **own** field

**Then**:

- If **this** worked

The Cow **would**  
**Like** the **grass**

From his **own** field  
**Farmer's** Field

**Training** the Cow

**As Answer**

The Farmer **thought**:

- This **Plan**
- As **Answer**

Maybe **this** could:

**Remedy** the Cow

At **night**:

- **Feed** the Cow

With **grass** from  
His **own** field

Maybe **this**:

Could **be** the  
**Answer**  
To **everything**

If **so**, then:

The Cow would  
**Wander** no more

The **Farmer** would:

- **Teach** the **Cow**

To **like** the **grass**  
From it's **own** field  
**Farmer's** Field

He **wanted** the  
**Cow**  
To **stay** home

And **graze** in  
It's **own** field

He **wanted** the:

**Cow**  
To **stay** home

So he **tried** to:

- **Teach** the **Cow**

To **like** the **grass**  
From it's **own** field  
**Farmer's** Field

By **feeding** it:

**Grass** from  
It's **own** field  
He could  
**Teach** the **Cow**

He **wanted** it:

To **like** the **grass**  
From it's **own** field  
**Farmer's** Field

## **Result**

Well:

- In The **End**
- It turns **out** ok

The **Farmer**:

**Trained** the **Cow**  
Yes

So the **Cow**:

- Must have
- **Liked** the **Farmer**

*He did **stay** home*

After **feeding** Cow:

- **Grass** at **night**
- The Cow **Learned**

*He did **stay** home*

*Farmer **fed** it:*

**Grass** from it's  
**Own** field  
**Farmer's** Field

After **feeding** it:

- **Farmer's** Grass
- In the **barn** at
- **Night**
- The **Cow** did **learn**

*Cow **learned** to:*

**Stay**  
*And **graze** in it's  
**Own** field*

## **Why Worry**

After so much:

- **Work** and **worry**
- The **Farmer** was
- **Happy**

*Back to **normal***

*And **also**:*

*The Cow **stayed** home*

Then The **Story**:

- Does **have**
- A Happy **Ending**

Since *The Cow*:

*Learned to  
Stay home  
Then the Farmer  
Was Happy*

## Story Review

Farmer Cow Story:

- **Looking** at it

We can **see**:

A **Meaningful** Story

It does **have**:

**Quality** to it

About **Main Points**:

- Mostly **One**

The Cow **wandered**  
Into **neighbor's** field

For **ourselves**:

- We already **know** this

The Cow **tried**  
The **neighbors** field

It could **be**

I said **before**:

- Maybe the **Cow**
- Had **preference**

Was the **grass**  
**Good** in  
**Neighbors** field  
Hmmm  
**Ask** the **Cow**

I **think** that:

- The **Farmer**
- **Took** it for
- **Granted**

**Farmer:**

**Put** the **Cow**  
In the **field**  
In the **morning**

Every **morning**  
To the **field**  
The **Cow**

So **perhaps:**

The **Cow** did not  
**Know**

To **stay**  
In **Farmer's** Field

It could **be**

## **Cow Thinking**

Why did **Cow:**

- **Wander**
- To **neighbors** field

**Farmer** **wondered** this

Or maybe the:

- **Cow** **forgot**

Hey:

We all **forget**  
Some **time**

We **might:**

Lose **track** some **time**  
And so  
**Forget** something

Maybe the:

**Cow** forgot

What He was  
**Doing** or **thinking**

It has **happened**  
Many **times**

## About The Cow

The **Cow**:

- **Seems** ok

In the **end**:

It **seems**  
He **followed** the  
**Farmer**

It's **good** that:

- **Farmer**
- **Figured** it out

Remember:

The was his  
**Only** Cow

In Our **Story**:

- **Farmer Cow** Story
- We **saw**
- The Cow **wandered**

The **Cow**:

**Drifted** into  
**Neighbor's** field

After **reading** The:

**Story**  
We can't **forget** this

The **Farmer**:

- In the **end**
- **Saw** that

The Cow **went**  
To **neighbor's** field

It did **wander**  
Or **drift**

Then:

- Maybe the **Farmer** was
- **Slack**

Maybe he should have  
**Watched** the Cow **more**

Maybe the **Cow**  
**Thought** that the  
**Farmer** lost **interest**

So it might have  
**Tried**  
**Neighbor's** field

Maybe **Cow**  
**Wanted** to **see**  
If **neighbors** field  
Was **interesting**

Main **Thing** is:

- Farmer **worked** it out

He **got** the **Cow**:

To **stay** home

And **graze** in  
It's **own** field!

**Farmer Cow** Story

If I ever  
**Have A Cow**

I **Hope** that  
It **Stays** Home
